One Garden Essences Key Word Descriptions

One Garden Divine Flower and Nature Essences give vital assistance to harmonise, inspire, encourage, support, enhance your will and desire to emotionally seek the soul injuries that cause all your pain. In turn, the soul injures block experiences of love, truth and soul growth – physically, emotionally, mentally and spiritually.

The One Garden Essences also indicate the positive qualities of our soul and encourage their development.

One Garden Essences always honouring your free will, they support your choice of action.

What are the qualities and offerings of assistance from One Garden Essences? Examine your feelings, impressions, and reactions (positive & negative) when you connect to the **name of the essence, keywords and descriptive words**.

As you read about and “*feel into*” each essence, it will automatically connect/trigger, a recognition within your soul and may offer a response indicating an issue that requires your attention.

This is a more than a mental process it’s a feeling process, because *feeling is healing*.
